

Packoree 2009 – Stations

1. Leaf Identification
 - Bill to use a book, make copies of leaves common to the area.
 - Put pages into loose leaf (no pun intended :-) protectors and binder for activity leader
 - Create Checklist of leaves for boys to mark off the leaves found
 - Boys will be reminded of Leave No Trace

2. Animal Tracking
 - Chip to make Negative mold from wood of animal prints
 - At camp, Friday night, we'll use the mold to make imprints in the ground
 - Michael to make a binder like the leaf binder described above of animal tracks and animal droppings
 - Michael to make a checklist of animal tracks and droppings for boys to mark off
 - Boys will hike through small trail trying to find animal tracks and animal droppings
 - Boys will return to camp and make a plaster mold of the tracks we put in the ground
 - Boys will be reminded of Leave No Trace

3. Fire Building
 - Boys will gather tinder and kindling and make a small fire.
 - Bringing dryer lint would be good for boys wanting to start with the striker
 - Boys will be taught safe fire handling procedures
 - Boys will be reminded of Leave No Trace

4. Rain Fly/Tent
 - Boys will learn to tie knots used for setting up a dining fly or tent
 - Boys will use a tarp and existing trees and branches to build a shelter
 - Materials
 - Tarp - Bill Duncan
 - Rope - Michael/Bill - I think we can use what I brought to the den outing

5. Dinner Prep
 - Cutting Potatoes, Onions, Carrots
 - Making meat patties
 - Assembling Foil Packs
